

49" Freestanding Commercial Kiosk

Introducing the highly acclaimed floor standing digital signage series in a 49" size, the ultimate LCD display solution for retail businesses. This digital display has gained popularity due to its versatile features and exceptional visual performance. Designed with convenience in mind, the unit is equipped with casters on its base, allowing for effortless mobility and flexibility to position it wherever you desire within your retail space. Whether you need to reposition the signage to attract customers to specific areas or simply rearrange your store layout, this floor standing display offers unmatched convenience.

For those seeking interactive capabilities, the floor standing digital signage series also offers an IR touch option. This enables users to engage with the content through touch gestures, providing a truly immersive and interactive experience. Whether it's product exploration, interactive catalogs, or interactive wayfinding, the IR touch feature elevates customer engagement and empowers your retail business to create memorable and personalized experiences. With its combination of mobility, stunning visual display, and interactive touch option, this 49" floor standing digital signage is the perfect solution to captivate customers and enhance the overall retail experience.
